

## Confirmation of the test results

No. 60140085

Referring to the test results, that has been carried out and documented in the REPORT No. 60140085 dated 23<sup>th</sup> July 2015,

**the Notified Body 1301, Technický a skúšobný ústav stavebný, n. o.,**

confirms, that the test results has proved the treatment efficiency after 6 months of no-inflow period with the declaration of performance issued by the manufacturer WWTP.

Therefore the test report covering production which has been the subject of tests, namely:

**Small wastewater treatment plant AT**

produced by the manufacturer

**AUGUST IR KO  
Juodasis kelias 104A  
LT – 11307 Vilnius  
Lithuania**

in manufacturing plant

**AUGUST IR KO  
Juodasis kelias 104A  
LT – 11307 Vilnius  
Lithuania**

**is being valid.**

This confirmation remains valid until the conditions laid down by the technical specification, the manufacturing conditions in the factory or production control system will not change significantly.
